

The Umbrella Brand «Swisscanto»

„Swisscanto“ is an umbrella brand for different companies and foundations which operate in the investment and pension plan business as partners of the Swiss Cantonal banks.

Below is shown how the enterprises are organised under the „Swisscanto“ umbrella brand. There are the independent foundations on the one side and the companies in Switzerland and abroad grouped under the Swisscanto Holding AG.

The foundations are separate legal entities, are self-owned, cannot be sold and are each governed by an independent board of foundation.

Swisscanto Holding AG was established by the Swiss Cantonal banks. Since 2014 it belongs to Zurich Cantonal Bank but continues to provide service to all Cantonal banks.
