

Conversion rates for the Swisscanto Collective Foundation of the Cantonal Banks

Valid 01.01.2016 - 31.12.2017

At ordinary retirement age (men 65, women 64) the mandatory part of the old-age savings is converted into a retirement pension at the conversion rates stipulated by the Federal Council. These rates may be adjusted by the Federal Council.

The supplementary part of the old-age savings is converted at the rates set by the Board of Foundation of the Swisscanto Collective Foundation. These rates may be adjusted through a resolution of the Board of Foundation.

The conversion rates applicable from 1 January 2016 up to and including 31 December 2017 are shown in the following table.

Your pension advisor will be pleased to provide you with further information regarding the conversion rates.
